## **Complaints and Feedback**

### **1.0 Introduction:**

ConnectAbility Australia views feedback and complaints as ways to help us improve our services and create greater service user satisfaction and outcomes.

Our Complaints Management process ensures that problems you have with ConnectAbility Australia services, decisions and policies, are valued and listened to with open ears, taken seriously and dealt with promptly and in ways that are culturally appropriate. Your concerns will be treated as a priority, we will keep you fully informed and are committed to working with you towards a satisfactory resolution.

### **2.0 Purpose:**

The purpose of this policy is to outline how people are able to provide feedback and make complaints about any aspect of ConnectAbility Australia and the process that we will take to address and/or respond to the complaint.

### **3.0 Scope:**

This policy applies to stakeholders of the organisation including: service users, families and carers, contractors, other service providers and members of the community.

Issues raised by staff would generally be dealt with under our Grievance and Dispute Resolution policy, however from time to time staff may raise issues or provide feedback that is best dealt with under this policy.

### **4.0 Policy:**

ConnectAbility Australia is committed to managing complaints in an accountable, transparent, timely and meaningful way and in the most direct way possible.

ConnectAbility Australia supports and encourages the rights of our service users, their families/carers and stakeholders to lodge and pursue any complaint in relation to any aspect of ConnectAbility Australia services or operations.

The organisation is committed to the following complaints management principles:

- assisting people to make a complaint in whatever way is meaningful for them;
- complaints can be lodged without fear of retribution;
- protect confidentiality and privacy of complainants;
- complaints are assessed fairly, objectively and professionally;
- openness and accountability;
- complaints are resolved in a timely manner;
- ensure the application of procedural fairness and natural justice for all involved;
- encourage the development of harmonious partnerships;
- integrate complaints information into the organisations improvement process.

ConnectAbility Australia expects that most complaints/feedback will be able to be addressed and responded to by the people directly involved or at a support worker/middle management level, with only the most serious or unresolved complaints being dealt with by the General Manager or Committee of Management.

However, where complaints require investigation or more formal review we will ensure that sufficient resources are allocated as a means to ensure that complaints are proficiently managed and investigated and will only allocate suitably skilled and qualified employees to investigate and manage complaints.

Complaint Management Stages include:

- acknowledgment of receipt of complaint
- complaint assessment;
- investigation of complaint;
- complaint response;
- communicating the decision; and
- complaint closed.

We have produced a complaints brochure that outlines our policy and procedures in an easy to understand format.
